Review report

## To the Board of Directors of Reliance Communications Limited

- I. We have reviewed the accompanying statement of un-audited financial results of Reliance Communications Limited ('the Company') for the quarter and half year ended 30 September 2007. This statement is the responsibility of the Company's management and has been approved by the Board of Directors. Comparative information for the quarter ended 30 September 2006 included in the accompanying statement has not been subjected to review and comparative information for the half year ended 30 September 2006 included in the accompanying statement has been subject to review by another firm of auditors.
- 2. A review of interim financial information consists principally of applying analytical procedures for financial data and making inquires of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express an opinion.
- 3. As further explained in detail in note 7(iii) to the financial results, with effect from 1 April 2007, the Company has reclassified the liability towards foreign currency convertible bonds (FCCB) from monetary to non-monetary liability on the basis that given the current trend of earnings and movement of the Company's share prices over the period of redemption of the aforesaid bonds, it is expected that the bond holders would opt for conversion into shares of the Company and not redeem them for cash. Accordingly, the liability towards FCCB has not been revalued at the period-end exchange rate.
  - In our opinion, pending exercise of the conversion option by the bondholders, the liability towards FCCB should continue to be accounted for as monetary liability and revalued at the period-end exchange rate in accordance with AS-11. The Effects of Changes in Foreign Exchange Rates'. issued by the Institute of Chartered Accountants of India (ICAI). In case this accounting treatment was followed, the profit for the quarter and half year ended 30 September 2007 would be higher by Rs.129 crores and Rs 544 crores respectively. We are seeking clarification on the above from the Expert Advisory Committee (EAC) of the ICAI and accordingly, our opinion in paragraph 4 below is pending such confirmation from the EAC.
- 4. Based on our review conducted as above, and read with the matter stated in paragraph 3 above. nothing has come to our notice that causes us to believe that, the accompanying statement of unaudited financial results prepared in accordance with accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Clause 41 of the listing agreement including the manner in which it is to be disclosed, or that it contains any material misstatement.
